

- (1) Last night, there was a thunderstorm in Sean's town. The storm ended after a couple of hours, but it had damaged the train lines. When Sean tried to go to work this morning, he found out that the trains were not running. He did not feel like driving his car, so he rode his bicycle to work instead.

Q. Why did Sean ride his bicycle this morning?

- | | |
|----------------------------------|----------------------------|
| 1 His car was broken. | 2 The train had stopped. |
| 3 He wanted to explore the town. | 4 The highway was damaged. |

- (2) A kind of whale called a narwhal lives in very cold oceans. Most male narwhals have a long tooth that comes out of their mouths. The tooth can be over two meters long. Some scientists think narwhals use this tooth to check the temperature. Others say that narwhals use it to help them find food. Scientists hope to learn more about narwhals.

Q. What is one thing that we learn about most male narwhals?

- | | |
|------------------------------------|---------------------------|
| 1 They do not like cold water. | 2 They eat other whales. |
| 3 They cannot swim long distances. | 4 They have a long tooth. |
